Case 14-06127-tmr

Case # 12-63884-tmr7

Adv. Proc. No. 14-06127 tmr

August 27 2014

Dear Sirs

The Berjac Account in question belongs to my mother (Luella Van Sant). I, Dennis Van Sant and my brother Steven Van Sant are on it by name only. Our mother is a 94 year old widow who intrusted her entire savings and the proceeds from the sale of her family home to Berjac of Oregon. The monthly withdrawal (\$2000) of funds from her account were used for her monthly living expenses only. It was transferred to her bank each month. Neither myself or my brother received any proceeds from these transfers. Since the bankruptcy she now is forced to live on her \$1000 social security and help from family members. She has no other source of income or savings.

I Dennis Van Sant and my wife have also lost all of our available cash to the Berjac bankruptcy. And am also forced to live on social security. My brother Steven also is on social security with a part time job.

I hope you take into consideration the burden that this bankruptcy has placed on our family. We had no idea how insolvent the company was or that they were so heavy into land speculation.

Sincerely Dennis Van Sant
